S-A BUDGET MESSAGE W.S. 16-4-104(d)

On behalf of the PMD, we are presenting the proposed budget for FY 21-22. Our budget is largely influenced by our cooperative agreement with USDA-WS. Some of the items in the budget such as salaries, benefits, and vehicle expenses are fixed costs and we cannot adjust those. We purchased a drone with a good camera for our trapper to use. It has worked well to locate dens and coyotes in irrigated and rough areas. In one example, we were able to locate ten coyote pups hiding in holes, ditches, and in gated pipe. Unfortunately our trapper contracted an intestinal infection in late Dec. 2020 that spread and made him seriously ill. He went to the hospital and was immediately put on antibiotics with no tests being done to determine the source. When the infectious disease people were finally called in, due to his line of work, they would not or could not state a specific cause because of the antibiotic drip into his heart for two months but is doing better and should be cleared for duty by early April. Other WS personnel have done some work and aerial control to keep the program going. We have less income from fur sales due to less aerial hours flown, the inability to pick up coyotes from aerial work, and reduced take from the ground. Our predator fees were around \$3,000 less thi year due to the dry wearther and we expect them to be about the same for next year. With our trapper back, we will be able to increase the aerial hours flown and with increased demand for services we are going to budget for some contractual assistance for our trapper. We plan to contact the Wyoming Game & Fish Department about doing a deer project along the Goshen Hole Rim due to the low recruitments numbers there. We thank the ADMB and WS for their assistanve to the Goshen County PMD for controlling predator damage in the county.
